ADMISSION AND ENROLMENT

The final admission to the Expanded Realities Program is based on the outcome of your formal UNI ASSIST application in combination with your Artistic Entrance Examination result.

If, according to the UNI ASSIST pre-check, you have direct entitlement to study and you have passed the Artistic Entrance Examination (minimum score: 60 out of 100 points), you will receive a letter of acceptance with all important information about the enrolment.

If you have no entitlement to study according to the UNI ASSIST pre-check, final admission and enrollment may still be given - provided you give proof of "outstanding artistic aptitude" in the Expanded Realities Entrance Examination. "Outstanding artistic aptitude" is given if you achieve a minimum score of 90 out of 100 points. A passed Artistic Entrance Examination is valid for two continued examination periods.

If, according to the UNI ASSIST pre-check you receive indirect entitlement and you have passed the Entrance Examination with the required minimum score of 60 points, you must take the "Studienkolleg" – a preparatory course. Before being accepted for the Studienkolleg, you need to pass an entrance test. This test assesses your command of German and your basic knowledge in your chosen subject area. Even though the language of instruction for the study program you apply for is English, you need sufficient German language skills in order to get the invitation for the Studienkolleg – preparatory course entrance test.
